

ORAL PRESENTATIONS

Poster #	Abstract Title & Author(s)
N/A	Capacity planning for community-based dementia health care services in Ontario using administrative health care databases and agent-based simulation Dallas Seitz, Tannaz Mahootchi, Natalie Warrick, Danielle Shawcross, Ali Esensoy
1	Dementia, including Alzheimer's disease, in Canada: prevalence, incidence and all-cause mortality trends from the Canadian Chronic Disease Surveillance System Catherine Pelletier, Sharon Bartholomew, Kristina Sabou, Louise McRae, Jennette Toews
2	Delivering Cognitive Stimulation with Technology Arlene Astell, Sarah Smith, Stephen Potter
3	Responsive behaviour: Meeting the learning needs of inter-professional post-secondary healthcare students. Lori Schindel Martin, Patricia Woo
4	Frailty moderates the relationship between Alzheimer's neuropathology and cognition. Lindsay Wallace, Olga Theou, Judith Godin, Melissa Andrew, Kenneth Rockwood

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
6	Evidence-based interventions for community-dwelling persons with dementia Natalie Warrick, Dallas Seitz, Jeanette Prorok, Danielle Shawcross, Tannaz Mahootchi, AliVahit Esensoy
7	Peripheral oxidative stress markers are related to vascular risk factors and subcortical small vessel disease Di Yu
8	Dementia Talk App - Using technology to empower Caregivers in managing dementia care at home Einat Danieli, Dunstan Pushpakumar
9	Sporadic CJD and Cryptococcal meningitis masquerading as" Alzheimer's dementia." Jacob Tony, Kevin Jacob, Jianming Dong
10	Evaluative measurements used to study cognition in persons with central nervous system trauma Fiza Javed, Andrea D'Souza, Tatyana Mollayeva, Angela Colantonio
11	Understanding the needs of people with young onset dementia: process, products and partnerships Mary Schulz
12	Gray matter volumes covariances of the brain associated with slow gait speed in individuals cognitively healthy and with mild cognitive impairment: results from a cross-sectional study Olivier Beauchet
13	Association of increased gait variability while dual tasking and cognitive decline: results from a prospective longitudinal cohort pilot study Olivier Beauchet, Gilles Allali, Cyrille Launay

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
14	Bilateral Prefrontal High-frequency rTMS for Gait Impairment in Seniors With Executive Dysfunction: Preliminary Results Amer Burhan, Manuel Montero-Odasso
15	Drug repositioning for Alzheimer's disease based on systematic 'omics' data mining Ming Zhang, Gerold Schmitt-Ulms, Christine Sato, Zhengrui Xi, Yalun Zhang, Ye Zhou, Peter St George-Hyslop, Ekaterina Rogaeva
16	Province wide Implementation of Behaviour Supports Ontario (BSO): Lessons from Success of Embedded Teams Nancy Cooper
17	Association of Motoric Cognitive Risk Syndrome with Cardiovascular Diseases and Risk Factors: Results from a Cross-Sectional Study Harmehr Sekhon, Cyrille Launay, Gilles Allali, Julia Chabot, Olivier Beauchet
18	Using the Communication Enhancement Model to communicate with elderly patients. Barbara Watson
19	Exploring the patterns of change on the MoCA and its subscores in people with subjective cognitive decline Tianzheng Lin, Abigail Korczak, Charlene Bartha, Sarah Best, Julia Truemner, Michael Borrie
20	The downstream role of dietetics: Registered dietitians in dementia care in rural and urban long-term care contexts Allison Cammer, Susan Whiting, Debra Morgan
21	From academic symposia to local youth initiatives: The Spare a Thought for Dementia campaign Kristine Newman, Jacky Au Duong, Andy Mok, Angel He Wang

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
22	Relearning of functional vocabulary in primary progressive aphasia: can new technologies be an ally? Monica Lavoie, Nathalie Bier, Joël Maccoir
23	Therapeutic targeting of mitochondria with the anti-cancer drug, Nilotinib, in Alzheimer's disease Aida Adlimoghaddam, Chris Cadonic, Raymond Scott Turner, Benedict Albeni
24	The impact of interprofessional care on the management of a complex wound on an inpatient geriatric Psychiatry unit Jeffrey Davis, Vall-Lories Lewis, Joanne Pacione, Carol Skanes
25	An evaluation of the efficacy of behaviour therapy on deferring emergency department visits as a result of behaviour in dementia care Nick Feltz
26	Applied behaviour analysis (ABA) for dementia care: welcoming behaviour therapy into geriatric psychiatry Nick Feltz, Adele Loncar
27	A driving cessation decision-making and coping framework and toolkit for people with dementia Gary Naglie, Sarah Sanford, Elaine Stasiulis, Mark Rapoport, Anita Myers, Frank Molnar, Stéphanie Yamin
28	Developing a Family-Centered Care model for Alzheimer's disease: A scoping review of Family-Centered Care models Kristina Kokorelias, Jill Cameron, Gary Naglie, Monique Gignac
29	Physical activity participation in mild cognitive impairment and Alzheimer's disease. Lauren Bechard, Dorcas Beaton, Katherine McGilton, Maria Carmela Tartaglia, Sandra Black

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
30	Fronto-subcortical hypoperfusion in presymptomatic FTD is associated with behavioral measures, but not cognitive deficits – the GENFI study Saira Mirza, Henk-Jan Mutsaerts, David Cash, Martina Bocchetta, David Thomas, Katrina Dick, John van Swieten, Barbara Borroni, Daniela Galimberti, Maria Carmela Tartaglia, James Rowe
31	Canadian Dementia Priority Setting Partnership: The top 10 Jennifer Bethell, Dorothy Pringle, Elana Commisso, Larry Chambers, Carole Cohen, Katherine Cowan, Phyllis Fehr, Paula Szeto, Katherine McGilton
32	Creating dementia friendly emergency departments: Improving quality and safety of care in emergency departments for people living with dementia Courtney Shaw
33	Ambroxol as a novel disease modifying treatment for Parkinson’s disease dementia: A phase 2, randomized double blind placebo controlled trial. Stephen Pasternak, Mandar Jog, Finger Elizabeth, Jenkins Mary, Tirona Rommel, Tony Rupar, Jennie Wells, Penny MacDonald
34	Study of the efficacy of speed-feedback therapy for older adults with dementia: a randomized controlled trial Hitoshi Okamura, Michiaki Otani, Naonori Shimoyama, Takayuki Fujii
35	A review of the Geriatric Psychiatry Behaviour Support Outreach team collaborative practice Adele Loncar, Jodi Lusk, Marko Punzalan
36	Exploring the use of Xbox Kinect as a group activity in adult day program settings for people with dementia Erica Dove, Karen Cotnam, Arlene Astell
37	Identifying Team-Based Approaches to Primary Health Care for Rural Dementia Patients: A Scoping Review of the Literature Amanda Froehlich Chow, Debra Morgan, Julie Kosteniuk, Valerie Elliot

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
38	A community-based participatory research approach to co-producing rural dementia care best practices with primary health care teams Debra Morgan, Julie Kosteniuk, Dallas Seitz, Megan E O'Connell, Andrew Kirk, Norma Stewart, Jayna Holroyd-Leduc, Jean Daku, Deb Kennett-Russill, Tracy Hack
39	Lessons learnt from a feasibility study on individualized treatment plans using a digital self-management program for older adults living with dementia Anar Dilara, Arlene J. Astell, Alexandra Hernandez
40	Integration and Synthesis of Two NPs Reflective Practice Caring for Persons Living with Dementia Laurie Bernick, Eileen Bourret
41	The effect of curved path walking on gait in older adults with Alzheimer's disease Susan Hunter, Alison Divine
42	Early brain changes in progranulin mutation carriers Claudia Jacova, Courtney Alexander
43	Calgary Brain Bank Jeffrey T. Joseph, Ana Alvarez, Eric Smith
44	Electroconvulsive Therapy for Behavioural and Psychological Symptoms of Dementia: A Prospective, Open-Label, Observational Study Sai Ming Simon Woo, Peter Chan, Michael Wilkins-Ho, Paul Blackburn, Nadeesha Fernando, Atul Mehra, Elizabeth Vasser, Mafalda Musacchio, Robyn Waxman, Ilan Fischler, Omar Ghaffar
45	Butyrylcholinesterase: A diagnostic target for neuroimaging in Alzheimer's disease Drew R. DeBay, Ian R. Macdonald, George A. Reid, Ian R. Pottie, Selena P. Maxwell, Meghan K. Cash, Earl Martin, Chris V. Bowen, Sultan Darvesh

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
46	Contribution of functional neuroimaging and neuropsychological evaluation to the cognitive diagnosis in elderly patients assessed in a memory clinic Ariane Dufour, Dominique Beaudin, Fadi Massoud, Marie-Jeanne Kergoat, Catherine Brodeur
47	A quality of care study to evaluate the dementia care in a geriatric clinic Ariane Dufour, Fadi Massoud, Thien Tuong Minh Vu, Francine Gaba
48	Mindfulness interventions for caregivers of patients with dementia Jill MacPhee, Mike Jorgensen
49	The Canadian Consortium for Neurodegeneration in Aging (CCNA): Overview of the neuropsychology training for the Comprehensive Assessment of Neurodegeneration and Aging (COMPASS-ND) Jennifer Fogarty, Natalie Phillips, Cynthia Diprospero, Andreeanne Parent, Sarah Best, Michael Borrie, Victor Whitehead, Tara Campbell, Zia Mohades, Howard Chertkow
50	Older adults' perceptions of cognitive testing: Moving towards person-centeredness Sara Wong, Claudia Jacova
51	Presenting the PREvention Program for Alzheimer's Related Delirium (PREPARED) Trial: A Cluster Randomized Trial Targeting Delirium Prevention in Long-Term Care Residents with Dementia Machelle Wilchesky, Jane McCusker, Nathalie Champoux, T.T. Minh Vu, Antonio Ciampi, Johanne Monette, Ovidiu Lungu, Stephanie A. Ballard, Eric Belzile, Pierre-Hugues Carmichael, Philippe Voyer
52	Are interventions that include an advanced care planning component effective at reducing hospital admissions from long-term care? Machelle Wilchesky, Deniz Cetin-Sahin, Ovidiu Lungu, Brian Gore, Philippe Voyer, Matteo Peretti, Genevieve Gore

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
53	Successful aging in place: how good are geriatricians at predicting the patient journey with dementia? Victoria Landry, Linda Yetman, Elizabeth MacDonald, Chris McGibbon, Donna MacNeil, Pamela Jarrett
54	Usability and acceptability of a mobile dementia observations application (DObs) on a dementia care unit Andrea Iaboni, Julia Andrews, Sanaz Hafezi, Cecelia Marshall, Mario Tsokas, Lori Schindel Martin
55	Assessment of mobility in advanced dementia: A scoping review and feasibility analysis Karen Van Ooteghem, Avril Mansfield, Meghan Marcil, David Gold, Kristin Musselman, Alastair Flint, Andrea Iaboni
57	Study design of a phase 2 randomized controlled trial of intranasal oxytocin for symptomatic treatment in FTD Elizabeth Finger, Howard Feldman, Jeffrey Cummings, Kristy Coleman, Adam Boxer, Scott Berry, Robin Hsiung
58	Patterns of cognitive deficits in non-demented Parkinson's disease relative to healthy controls: A meta-analysis Ashley Curtis, Kathy Zhang, Heather Davidson, Gabriella Boccone, Richard Camicioli, Mario Masellis, Mary Tierney
59	AMBIENT Fall Risk Monitoring in Dementia – a Feasibility Study Elham Dolatabadi, Andrea Iaboni, Babak Taati
60	Seeing through the veil: experiences of caring for persons living with dementia at the end of their lives from healthcare professionals perspectives Christine Jonas-Simpson, Lesley Donovan, Nadine Cross, Ron Keren, Robin Shan

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
61	By the Numbers: The Impact of the Ontario Shores Geriatric Outreach Team on Management of Patients Identified as Posing a Risk or Threat of Harm to Others Joanna Holley, Robyn Waxman, Zohar Waisman, Janet Katchaluba, Christine Wimhurst
62	InTouch: Introducing touchscreen applications to people with advanced dementia through staff-client co-play Morgan Steele, Alexandra Hernandez, Arlene Astell, Pragash Loganathan
63	Let's Connect – Training people with dementia to play touchscreen tablet games Arlene Astell, Erica Dove, Karen Cotnam, Paul Gural, Teresa Shearer
64	Help Me Understand: A Unit's Journey to Improve Day-to-Day Management of Responsive Behaviours Joyce Reardon, Janet Pilgrim
65	Definition of Late Onset Alzheimer's Disease and anticipation effect of genome-wide significant variants: Pilot Study of the APOE e4 allele Vincenzo De Luca, Ariel Graff
66	A Systematic Review of Diet-Based Glycemic Load and its Impact on Mild Cognitive Impairment and Dementia Risk Stephanie Ntoukas
67	Adapting mainstream dementia tools for use in Indigenous communities in Canada Karen Pitawanakwat, Louise Jones, Emily Piriano, Melissa Blind, Jerry Otowadjiwan, Roxanne Makela, Bob Spicer, Monica Bretzlaff, Kristen Jacklin
68	Baseline oxidative stress is associated with memory changes in omega-3 fatty acid treated coronary artery disease patients Krista Lanctôt, Graham Mazereeuw, Nathan Herrmann, Ana Andreazza, Gustavo Scola, Paul Oh

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
69	Care financing, evaluation of a direct fund respite program for family caregivers of people with dementia Kristy McKay
70	Patterns of performance on sentence repetition in the 3 variants of Primary Progressive Aphasia Naida Graham, David Tang-Wai, Sandra Black, Carol Leonard, Mario Masellis, Sara Mitchell, Maria Carmela Tartaglia, Laura Laird, Elizabeth Rochon
71	Cholinesterase inhibitor use and impact of frailty status among older adults with dementia prior to and after admission to long-term care Laura Maclagan, Colleen Maxwell, Jun Guan, Michael Campitelli, Nathan Herrmann, Kate Lapane, David Hogan, Joseph Amuah, Dallas Seitz, Sudeep Gill, Susan Bronskill
72	Demographic influences on consecutive Addenbrooke Cognitive Examination 3rd edition (ACE-III) scores collected in a Specialized Seniors Health Clinic Patricia Ebert, Jimmy Kwok, Ashli Watt, Stephanie Garrett, Laura Hoefling, Carol Ellery
73	Determining the impact of passive music exposure on brain activation and functional connectivity using fMRI in patients with early Alzheimer's disease Melissa Leggieri, Luis Fornazzari, Michael Thaut, David Munoz, Joseph Barfett, Corinne Fischer, Tom Schweizer
74	A quality improvement project – development of an Electronic Medical Record (EMR) template for dementia follow up visits Thirumagal Yogaparan
75	In vivo MRI metrics as a tool for early identification and gradation of Alzheimer's disease key neuropathological lesions Caroline Dallaire-Théroux, Olivier Potvin, Louis Dieumegarde, Simon Duchesne
76	The role of endogenous cellular prion protein in brain synaptic function Aeen Ebrahim Amini

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
77	Modulating neocortical spatiotemporal potassium dynamics: effects on spreading depression and focal seizures Azin Ebrahim Amini
78	The effect of aerobic exercise on white matter hyperintensity progression may vary by sex Elizabeth Dao, Cindy K. Barha, John R. Best, Ging-Yuek Robin Hsiung, Roger Tam, Teresa Liu-Ambrose
79	The Initial Development of iGeriCare: An Online Geriatrics Education Tool Richard Sztramko, Andrea Wurster
80	Dementia Population Risk Tool (DemPoRT): Predictive algorithm for assessing dementia risk in the community setting Stacey Fisher, Nassim Mojaverian, Amy Hsu, Monica Taljaard, Doug Manuel, Peter Tanuseputro
81	Examining trajectories of cognitive impairment in the home care and long term care populations in Ontario Stacey Fisher, Sarah Spurin, Amy Hsu, Doug Manuel, Geoff Anderson, Peter Tanuseputro
82	Digital storytelling and dementia in Edmonton, Alberta Elly Park, Lili Liu
83	Jazzercise as an intervention for subjective cognitive decline in postmenopausal women: Pilot study rationale and methodology Michael Borrie, Jennifer Fogarty, Sarah Best, Kayla VanderPloeg, Amer Burhan, Manuel Montero-Odasso, Alanna Black, Robert Bartha
84	The Canadian Collaboration on Neurodegeneration and Aging - Platform 1 - COMPASS-ND Study Howard Chertkow

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
85	<p>β-amyloid burden and vascular risk interact to predict neocortical tau PET signal in clinically normal older individuals</p> <p>Jennifer Rabin, Hyun-Sik Yang, Aaron Schultz, Bernard Hanseeuw, Gad Marshall, Trey Hedden, Dorene Rentz, Keith Johnson, Reisa Sperling, Jasmeer Chhatwal</p>
86	<p>Factors associated with discordant clinical and pathological diagnoses in frontotemporal lobar degeneration</p> <p>Philippe Desmarais, Catherine Miville, Julia Keith, Krista Lanctôt, Nathan Herrmann, Mario Masellis, Sandra Black</p>
87	<p>White matter changes contribute to neuropsychiatric manifestations of Alzheimer's disease and frontotemporal lobar degeneration: An autopsy cohort</p> <p>Philippe Desmarais, Catherine Miville, Julia Keith, Krista Lanctôt, Nathan Herrmann, Sandra Black, Mario Masellis</p>
88	<p>Continuous, objective, and home-based assessment of activity and effort related to caregiving</p> <p>Neil Thomas, Nora Mattek, Thomas Riley, Phelps Witter, Christina Reynolds, Johanna Austin, Nicole Sharma, Jeffrey Kaye</p>
89	<p>Experiences, perceptions, and needs of community exercise providers concerning persons with mild cognitive impairment or dementia</p> <p>Lauren E. Bechard, Cheyenne M. Mitchell, Kayla Regan, Maximilian D. Bergelt, Laura E. Middleton</p>
90	<p>Dancing for Cognition and Exercise (DANCE)</p> <p>Patricia Hewston, Courtney Kennedy, Dafna Merom, Sharon Marr, Richard Sztramko, Laurel Trainor, Amanda Grenier, George Ioannidis, Christopher Patterson, Justin Lee, Alexandra Papaioannou</p>
91	<p>Delusions in Alzheimer's Disease are Associated with Decreased Default Mode Network Functional Connectivity</p> <p>Winnie Qian, Corinne Fischer, Nathan Churchill, Sanjeev Kumar, Tarek Rajji, Tom Schweizer</p>

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
92	Developing a methodology and approach to producing baseline dementia measures in Canada Alexey Dudevich, Liudmila Husak, Kelvin Lam, Sheril Perry, David Lam, Allie Chen
93	Prevalence and topography of cerebral microbleeds in neurodegenerative disorders Carmen Ojeda-López, Ángela Milán-Tomás, Benjamin Lam, Mario Masellis, Fu Qiang Gao, Sandra Black
94	How a small but mighty team is effecting change on soaring rates of dementia related ALC Simonne Cumberbatch, Sara Gies
95	Epilepsy in patients with dementia: a review of cases Angela Milan Tomas, Carmen Ojeda-Lopez, Andrew S Lim, Mario Masellis, Sandra E. Black
96	Normal Appearing White Matter Microstructural Changes and Neuropsychiatric Symptoms in Alzheimer's Disease Manu J. Sharma, Joel Ramirez, Melissa F. Holmes, Fuqiang Gao, Breni Varatharajah, Vanessa Yhap, Sandra E. Black
97	Prescribing Virtual Reality (VRx): Can exposure to simulated natural environments using Virtual Reality (VR) offer an alternative therapy for those living with dementia/cognitive impairment who are limited from being outside? Lora Appel, Orly Bogler, Eva Appel, Micaela Wiseman, Leedan Cohen, Danjay Hill, Howard Abrams, Jennifer Campos
98	Cognitive resilience and occupation moderate neuroimaging biomarkers: Sex differences in dementia rating scale performance and change Shraddha Sapkota, Joel Ramirez, Mario Masellis, Sandra E. Black
99	Ventricular enlargement as an outcome measure for clinical trials examining Alzheimer's Disease Sabrina Adamo, Joel Ramirez, Melissa F. Holmes, Fuqiang Gao, Sandra E. Black

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
100	<p>Left temporal polar atrophy distinguishes Semantic Dementia from Alzheimer's disease</p> <p>Breni Varatharajah, Benjamin Lam, Joel Ramirez, Manu J. Sharma, Vanessa Yhap, Melissa F. Holmes, Fuqiang Gao, Sabrina Adamo, Donald T. Stuss, Mario Masellis, Sandra E. Black</p>
101	<p>Caregiver Mood and Burden are Associated with Patients' Emotion Detection Ability in Alzheimer's and Parkinson's disease</p> <p>Maria Martinez, Namita Multani, Cassandra Jessica Anor, David Tang-Wai, Ron Keren, Susan Fox, Anthony E Lang, Connie Marras, Maria Carmela Tartaglia</p>
102	<p>Relationship between cerebral perfusion, cognition, and butyrylcholinesterase (BCHE) genotype in patients with dementia with Lewy bodies (DLB) and Parkinson's disease dementia (PDD)</p> <p>Catherine Miville, Anthony Lang, Galit Kleiner-Fisman, David Tang-Wai, Jordana Compagnone, Philippe Desmarais, Morris Freedman, Sandra Black, Nathan Herrmann, Mario Masellis, Robert Chen</p>
103	<p>Beta-amyloid burden and white matter lesions could explain age-related cognitive decline in normal aging</p> <p>Pénélope Sévigny Dupont, Christian Bocti, Maude Joannette, Marie Maxime Lavallée, Howard Chertkow, Sven Joubert</p>
104	<p>Can a simple computer game help monitor cognitive change in persons with advancing cognitive impairment</p> <p>Frank Knoefel, Rafik Goubran, Amanda Baker, Sarah Fraser, Brianna Allard, Bruce Wallace, Eleni Stroulia, Victor Guana, Phillippe Masson</p>
105	<p>Predicting emergent aggression in schizophrenia monitoring cognitive worsening</p> <p>Sauliha Alli, Nathan Kolla, Vincenzo De Luca</p>
106	<p>Primary progressive apraxia of speech : case series</p> <p>Liziane Bouvier, Laura Monetta, Paolo Vitali, Robert Jr Laforce, Vincent Martel-Sauvageau</p>

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
107	How to design an inclusive care, based on individuals' social cognition capacities to improve quality of life for people with dementia? Arezoo Talebzadeh, Kaveh Ashourinia
108	Assessing the effects of a personalized music therapy with headphones on agitation in patients with dementia Cassandra J. Anor, Sally Moy, Alison Lake, Robin Shan, Amy Cockburn, Danielle Krisman, Bindhu Sadasivan, Andrea Iaboni, Sabrina McCurbin, Ron Keren, Maria Carmela Tartaglia
109	Can dual-task gait assessment differentiate cognitive impairment subtypes in a clinical setting? Stephanie Cullen, Michael Borrie, Susan Carroll, Manuel Montero-Odasso
110	Neurocognitive deficits affecting suicidal behaviour in schizophrenia: a secondary analysis of the Clinical Antipsychotic Trials of Intervention Effectiveness (CATIE) schizophrenia dataset Samia Tasmim, Vincenzo De Luca
111	Cortical microinfarcts on 3T MRI: higher frequency in patients with severe periventricular white matter hyperintensities Eshita Kapoor, Fuqiang Gao, Joel Ramirez, Sandra E. Black
112	Norms generated from local samples are more sensitive to early dementia than are published norms Brandy Callahan
113	Early signs of dementia in bipolar disorder Brandy Callahan
114	Executive abilities in older adults with ADHD or prodromal dementia Brandy Callahan

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
115	Systemic autoimmunity: A sex-specific factor in Alzheimer's-like disease Minesh Kapadia, Firoz Mian, Donglai Ma, Elyse Rosa, Bernadeta Michalski, Iva Zovkic, Paul Forsythe, Boris Sakic, Margaret Fahnestock
116	Exploring the influence of a communication tool on patient and family satisfaction, understanding and recall following an initial physician outreach visit Julia Baxter, Sawyer Peloso
117	GeriMedRisk: preliminary data from a new technology-based geriatric clinical pharmacology consult service Jennifer Tung, Lindsay Cox, Sophiya Benjamin, Howard An, Joanne Ho
118	Association of Reserve with Cognition across the Cerebral Atrophy Spectrum related to Alzheimer's disease Valérie Turcotte, Camille Parent
119	The effects of exergaming interventions on cognition and physical activity of institutionalized older adults: A systematic review Amélie Gauthier-Beaupré, Renée Biss, Afroza Sultana, Arezoo Talebzadeh, Charlene H. Chu
120	Living Well with Dementia: The role of Community-Based Programs in Promoting Social Connectedness for Persons with Dementia and Their Caregivers Winnie Sun, Emma Bartfay, Vicki Smye, Denyse Newton, Michelle Pepin, Srijia Biswas, Hanaan Madahey
121	Optimizing resident care and quality of life in long-term care with environmental enhancements Steven J. Crawford, Iris Gutmanis, Catherine Blake
122	Differential association between hippocampal volume and cognitive performances in MCI and LLD Camille Parent, Valérie Turcotte, Simon Duchesne, Carol Hudon

POSTER PRESENTATIONS

Poster #	Abstract Title & Author(s)
123	Self-report of frequency of forgetting predicts delayed verbal recall in cognitively normal older adults Linda Mah, Aliya Ali, Carrie Shorey, Claudia M. Szabuniewicz, Nicole D. Anderson, Nicolaas Paul L.G. Verhoeff, Nathan Herrmann
124	A Brief Mindfulness Protocol for Burnout in Front-line LTC Workers Sherrie Cheers, Marion Penko
125	Mental Health of Older Female Adults: Hotspots and the Singled-Out Association with Income Inequality at the neighborhood level in Toronto Victoria Gevaert, Yujie Yang, Jane Law
126	Gait parameters and characteristics associated with increased risk of falls in people with cognitive impairment: A systematic review Shirin Modarresi, Alison Divine, Jessica Grahn, Tom Overend, Susan Hunter
127	The geriatric resource nurse: a new model of care in Toronto, Canada Dewa Amini, Thirisangi Thiruparanathan, Tina Cheung
128	Neuropsychological Correlates of Household Equipment Use among Older Adults with Subjective Cognitive Impairments, Mild Cognitive Impairment, and Dementia Sam Iskandar, Yolanda Arone, Cheryl Young
129	Managing money matters: Financial management is associated with increased “functional reserve” in mild cognitive impairment Courtney Berezuk, Konstantine Zakzanis, Joel Ramirez, Sandra Black
